The screenshot displays a mobile application interface for managing student examination results. On the left, a vertical sidebar lists various administrative functions: Dashboard, Admission, Class, Fee, Examination, Report, Library, Transport, and SMS. The main content area shows a grid of student marks for English and Hindi. The grid has columns for Student Name and Adm.No., followed by rows for each student. Each row contains four circular icons representing marks for English and Hindi. A large magnifying glass is overlaid on the grid, focusing on the English and Hindi marks. The English column header is "English (720)" and the Hindi column header is "Hindi (720)". The grid includes rows for students ALISHBA KHAN, ANGEL, ANGEL CHANDOK, ARPIT JAIN, AYAN, HARSHITA SHARMA, KAPIL SAXENA, and KAVYA GUPTA, with their respective adm. nos. 66 through 73.

Customer's Speak

Lancers Convent

We realised that EduMarshal has made our day-to-day fee management so much easier with **no concern for security**. The fee collection, report generation for respective classes, attendance monitoring, grading system, notices, circulars, and event management is now finally being managed systematically. The staff was also very supportive and provided features which suited our requirements perfectly. The EduMarshal team met up to all the expectations - **Knowledge, Partnership & Strong Customer Focus.**

G D Goenka Public School

One of the greatest advantages I found was that **parents can access their accounts from anywhere, anytime**. They can check attendance or even grades of their children. Even the teachers and staff can update details, marks etc. from their home. Another feature we found useful was that the **Admin can communicate with parents, teachers and students through email or even SMS**. The team from EduMarshal contributed greatly to setting up the systems- **very professional and responsive**.

Northland International School

As an Administrator, I found the Report generating feature very advantageous. I can view the various reports which have all been designed as per my accounting systems. **Standard reports have been designed which have smoothed the functioning of my institution.**

Kaushalya World School

As a parent, I now found the system very transparent. **I could access my children's report cards immediately**. I get notifications regarding upcoming events or due fees or even basic **interaction between me and the organization**. I am updated about the circulars and homework too. I am even able to pay fees with the mobile app. Now I don't miss a single day - Annual day, sports day or any other.
